Collagen-9™ Pre-Sale Form

Use this form to help you as you identify prospective customers and track pre-sales for Collagen-9.

How to use this form:

1. Write down the name, email and number of canisters the customer wants to order + any additional products they want to include.
2. Reach out to those customers to take their pre-orders for the product.
3. On August 2nd use 'share cart' to create the customer's order and email it to them so they can finalize it (payment info, etc.)
4. Follow-up with the customer to let them know their order is ready for them to complete by clicking on the link you sent them and answer any questions

   TIP: Make it fun by creating a friendly competition among your team or Shaklee friend group and award a prize for the most completed pre-orders.
