

BRAVO

Shaklee Salutes Our High Achievers

NOVEMBER 2010

NEW SHAKLEE RANK

SENIOR EXECUTIVE COORDINATOR

LENNOX ENTERPRISES - SHIRLEY & MURRAY

LENNOX AND TANYA LENNOX

UPLINE: LEN-ELL ENTERPRISES INCORP.

We attribute our success in Shaklee to following the advice of Dr. Shaklee: "... you must be willing to share your opportunity and bring other people

into the Shaklee Family. You must be willing to work with them. You must be willing to give your time and your skills. The more you give, the more you receive in return. I truly believe that success in Shaklee comes from sharing your opportunity with the other fellow. You cannot make progress alone. Progress is the direct result of the service you render to other-the greater the service rendered the greater the progress."

This quotation has been displayed prominently at the top of our bulletin board for years and we always give a copy of it to new business builders.

Born and raised in the Canadian province of Québec, Madeleine and Roger Trottier were living in the United States when they first joined Shaklee in 1967. The French-speaking couple

somehow managed to run their business in English. They ran it so successfully, in fact, that they became Master Coordinators and had the pleasure of meeting Dr. Shaklee several times.

After moving back to Canada in the 1970s, they started doing Shaklee from scratch – but this time in French. And, once again, they rose to the top. "We became Master Coordinators in two countries," says Madeleine. "To this day, we're the only Shaklee Leaders in the

world to have accomplished that."

The Trottiers, who've been married for 60 years, say they've always looked for ways to take care of their family members and spend more time with them. "Shaklee gave us the opportunity to work from home," says Madeleine. "We've been with Shaklee for more than 40 years now and we're proud to say that we have three generations involved in this great opportunity. Our children and grandchildren quickly learned the joy of sharing and the wish to succeed in Shaklee."

Over the years the couple has built a huge organization, helping not only their immediate family but also thousands of people improve their physical well-being and enjoy financial freedom.

"With the best products and business model on the market, Shaklee offered us possibilities and choices that we would not have known with other careers. We know from experience that it's a wonderful feeling to help others."

The current success that we have is due to the strong foundation of the group that my parents (Ruth and Mark Koyanagi) built. They left this business – their legacy – to us, their three children. We have been fortunate that the leaders in our group are passionate about and dedicated to sharing Shaklee.

We are moving forward with growing the business and bringing it into the future with new strategies. We aspire to go beyond in ways that we have never tried before.
