*Shaklee Salutes Our High Achievers*

OCTOBER 2012

## NEW SENIOR KEY COORDINATOR

*Being appointed to Senior Key Coordinator is very exciting for us, as it brings us one step closer to Master Coordinator and has changed our vision for what our future with Shaklee can be. We have learned that it is so important to work together as a team while reaching out on a regular basis for new business partners. We have been working diligently and consistently now for six years, and the last two especially have been so rewarding (and busy), as we have been fortunate to attract high-quality business partners to the team. Our success is really a reflection of the team working together, and we are so lucky to have such great people to partner with. Having the GOLD program in place has been helpful for us in determining who really does want to grow a Shaklee business, and we are already seeing Business Leaders on our team reap the benefits of the FastTRACK rewards. Actually, the explosive growth we have seen in the business has been driven by the FastTRACK program and the 2013 Top Achievers International Incentive Trip to Paris.*

## NEW FASTTRACK SENIOR DIRECTORS

*We started with Shaklee products to help support our Wellness Haven with our clients, but I also wanted to try the Cinch® program and get healthier. What an amazing seven months it's been – not only for the improved health due to weight loss and many inches, but also as a business venture. The compensation package with Shaklee is the best, and we've seen a lot. Our dream plan is to become Presidential Master Coordinators. The best part of this business is that we can do it as a couple and share the benefits of all the travel, meeting new people, and helping people live healthier lifestyles.*

*Being a massage therapist, I have always been into health and wellness and am so glad I took a chance and tried Shaklee products for my family's sake, as they have changed our lives. Three years ago, my husband was hit by a train while driving his truck and suffered many fractures and health problems. He was in constant pain and was no longer able to do the things he enjoyed. When I was told about Shaklee I was sceptical, but I knew I had to do something so I decided to put my husband on the Rx for a Healthier Life™ Pack. Within 10 days he had more energy, and within 20 days he was pain free. For a guy who had lived on painkillers for the last couple of years, this was amazing! He got his life back, I got my husband back, and my children got their father back. Now it seems almost my duty to let people know about Shaklee, and I really am enjoying educating them about making the right steps in achieving healthier lives. Shaklee also makes growing a business while helping others so easy and rewarding.*

*Reaching the level of Director is great! I am now where I knew I would be! Heeding the advice of my upline, Sonya, I reset my FastTRACK in August and so, once again, I am off and running! I wanted work that is this flexible, and can be done at home and when we travel. I am so appreciative of Shaklee and Roger Barnett for the brilliant motivation that is the Dream Plan and FastTRACK. I would like to thank my supportive family and friends, and also my sceptical friends and family. Without you, I would never have had the burning desire to prove you wrong!*
