# Life Without Compromise

---

At Shaklee, we believe you should live the life you want – without compromise. We provide pure, safe, proven products that give your body what it needs to thrive. And we provide an income opportunity that can help you live life on your own terms.

## **LIVE YOUNGER LONGER AND LOOK YOUNGER LONGER**

We're inspired by the vision of Dr. Shaklee, our founder and the inventor of the first multivitamin in the United States, and his philosophy to create Products in Harmony With Nature and Good Health®. We're committed to providing the purest and best ingredients from nature and to applying our rigorous scientific standards to create clinically proven products – delivering clinical results without compromise. This holistic concept of wellness has been helping millions of people live and look younger for more than 60 years.

## **LOVE YOUR LIFE**

Our Shaklee community has been shown to be one of the healthiest populations in North America (see pages 8–9 for details). And we offer a life-changing business opportunity built on sharing our life-changing products. You'll have the freedom to work your business and earn income whenever and wherever you choose, all while living a life you love.

**“All I ever did was listen  
to nature and pass the  
word along.”**

---

Dr. Forrest C. Shaklee  
Founder, Shaklee Corporation

Not only were we the first company to fully offset its carbon emissions so as to leave no footprint on the earth but we've also planted more than one million trees around the world with the late Dr. Wangari Maathai, the first Nobel laureate recognized for environmental work.

That work continues today and we're on our way to planting the next million trees.

**“Our mission is to provide a healthier and better life for everyone.”**

THE SHAKLEE DIFFERENCE™

# Clinical Results Without Compromise

At Shaklee, we never sacrifice safety and purity for efficacy. We create safe products that do what we say they'll do. Every single time.

## BEYOND ORGANIC

Beyond Organic is our philosophy that Shaklee quality standards go beyond how and where an ingredient is grown. We look to confirm the purity and potency of ingredients after harvest to guarantee that the final finished product is free of hundreds of chemical contaminants.

See [ca.shaklee.com/beyond-organic](http://ca.shaklee.com/beyond-organic).

## WE DO "CLEAN BEAUTY" BETTER THAN ANYONE

The list of ingredients that we won't use in our YOUTH® skin care collection is far greater than the list of ingredients that we will use. Not only do we avoid the biggies – parabens, phthalates, propylene glycol, sulfates, coal tar, PEG derivatives, and artificial colours and fragrances – but we go far beyond with a list of more than 2,500 questionable chemicals and ingredients that you'll never find in our YOUTH products.

HO

Shaklee does things differently – to ensure your safety and the safety of our planet.

## SAFE

OUR PRODUCTS ARE GENTLE ON THE ENVIRONMENT

WE NEVER TEST ON ANIMALS

EVERY SINGLE ONE OF OUR PRODUCTS IS GLUTEN FREE

## PROVEN

WE CONDUCT MORE THAN 100,000 QUALITY TESTS EACH YEAR

WE SCREEN FOR MORE THAN 350 PESTICIDES, CONTAMINANTS, AND OTHER IMPURITIES ON EVERY NEW BOTANICAL INGREDIENT – FAR MORE THAN THE U.S. PHARMACOPEIA STANDARDS

ALL OUR PRODUCTS ARE  
**100%  
GUARANTEED.**

IF YOU'RE NOT SATISFIED, YOU CAN SEND THEM BACK FOR A FULL REFUND – EVEN IF THE CONTAINER IS EMPTY.  
**NO QUESTIONS ASKED.**

# Proven by Science

## Changing Brands Can Change Your Life

The Landmark Study, led by an acclaimed nutrition researcher with the University of California at Berkeley, is one of the largest studies of long-term users of multiple supplements. It showed that **people who used Shaklee supplements had much healthier biomarkers for cardiovascular, heart, and cognitive health** compared with non-supplement or non-Shaklee-product, single-supplement users.

# POWERED BY NATURE, PROVEN BY SCIENCE

THE SHAKLEE DIFFERENCE™

## Muscadine Grape

Powers Vivix® and YOUTH® Skin Care

One of nature's rarest, most potent fruits, the muscadine grape is the basis for our scientifically advanced, proprietary blend found in Vivix. The muscadine grape contains the full complement of polyphenols found in other grapes; however, unlike other grapes, it boasts superior concentrations of ellagic acid and ellagitannins. Ellagic acid and ellagitannins are polyphenols that, when combined with other polyphenols, yield immense antioxidant power.\*

We harness the power of the muscadine grape for you, using a patented extraction process that concentrates and preserves bioactive polyphenols in every bottle of Vivix.

---

For more information about Vivix, see pages 30–31; for more about YOUTH, see pages 68–82.

THE SHAKLEE DIFFERENCE™

# Telomere Study

**The big idea here: keeping telomeres from shortening may help you live a longer, healthier life.**

Shaklee Scientific Advisory Board member Dr. Elizabeth Blackburn is a Nobel Prize winner in medicine and is considered the top authority on telomere science. We've partnered with Dr. Blackburn and proven that using multiple Shaklee supplements for at least five years led to a 40% lower rate of telomere shortening across the adult age range compared with a healthy control group.\*

Telomeres are the protective caps of repetitive DNA at the end of chromosomes. Our telomeres gradually become shorter, and telomere length is thought to be a marker of overall health.

**40%**  
**LOWER**

**A PRELIMINARY CLINICAL STUDY SHOWED THAT SHAKLEE USERS HAD A 40% LOWER RATE OF TELOMERE SHORTENING.\***

A statistical analysis based on the study projects that an 80-year-old Shaklee user would have the same telomere length as a 41-year-old non-user.†

\*In a preliminary clinical study, Shaklee long-term users who took Vivix® (see pages 30-31) and other Shaklee supplements had a 40% lower rate of telomere shortening across the adult age range compared with a healthy control group.

†Harley CB, et al. Cross-sectional analysis of telomere length in people 33-80 years of age: effects of dietary supplementation. *JACN*. 55<sup>th</sup> Annual Conference. 2014 Oct; 33(5): 414.

# POWERFUL PROTECTION FOR YOUR CELLS

**BEST SELLER**

## VIVIX®

Backed by six patents, Vivix contains a proprietary, natural blend of a broad spectrum of polyphenols based on the muscadine grape, featuring superior concentrations of ellagic acid and ellagitannins that, when combined with other polyphenols, yield immense antioxidant power. **These key ingredients have been clinically proven to protect and even repair cellular DNA.\***

**Kosher Vivix® (liquid) #22911** | 150 mL | 30 servings   

Member Price: \$92.05 | PV: 59.00

**Vivix® Liquigels #57501** | 60 capsules  | Member Price: \$92.05 | PV: 59.00

## THE SHAKLEE DIFFERENCE™

The health of your cells strongly influences your overall health, and your cells are continuously being damaged by environmental exposure. Our scientists spent years in partnership with leading researchers, optimizing the combination of different polyphenols to create Vivix: a balanced and powerful formula to protect DNA from oxidative stress and slow the formation of advanced glycation end-product (AGE) proteins, which can lead to cell damage.†

### Vivix® Antioxidant Solution (liquid)

Adult dosage: 1 teaspoon (5 mL) once daily with a meal

	Amount per day
Calories	15
Total carbohydrate	4 g

#### MEDICINAL INGREDIENTS:

Trans-resveratrol ( <i>Reynoutria japonica</i> root)	60 mg
Red wine ( <i>Vitis vinifera</i> ) fruit extract	60 mg
Pomegranate ( <i>Punica granatum</i> ) fruit extract	56 mg
Chebulic myrobalan ( <i>Terminalia chebula</i> ) fruit extract	50 mg
Carrot ( <i>Daucus carota</i> ) root extract	20 mg
Black currant ( <i>Ribes nigrum</i> ) fruit extract	5 mg

**NON-MEDICINAL INGREDIENTS:** CELLULOSE GUM, CITRIC ACID, CONCENTRATED POMEGRANATE JUICE, CONCORD GRAPE FLAVOUR, GLYCERIN, MALTODEXTRIN, NATURAL FLAVOURS, SORBITOL, STEVIA REBAUDIANA LEAF, THAUMATIN, VITIS ROTUNDIFOLIA (MUSCADINE GRAPE) FRUIT EXTRACT, VITIS VINIFERA (RED GRAPE) FRUIT EXTRACT, WATER.

**POWERED BY THE  
MUSCADINE GRAPE AND ITS  
POWERFUL POLYPHENOLS**

#### POWERFUL RESULTS

**13** MORE POWERFUL THAN  
RESVERATROL ALONE  
**TIMES**

Only Vivix contains both resveratrol – a natural antioxidant compound – and a proprietary phytonutrient blend that harnesses the powerful antioxidant properties of the muscadine grape. In fact, laboratory studies show that the Vivix key ingredients are **13 times more powerful** than resveratrol alone in slowing the formation of potentially cell-damaging AGE proteins.<sup>†</sup>

### CAROTOMAX®

#### Six beneficial carotenoids

- A unique blend of six of the most beneficial carotenoids: alpha-carotene, beta-carotene, astaxanthin, lutein, zeaxanthin, and lycopene
- Carotenoids are powerful, fat-soluble antioxidants that provide potent protection for lipid-rich areas of cells and have been implicated in the long-term health of the eyes, prostate, cervix, lungs, and heart
- Research also suggests that carotenoids, working together, support a strong immune system

Member Price: \$28.00 | PV: 16.31

#### THE TELOMERE STUDY

**40%**  
LOWER

Shaklee users had a 40% lower rate of telomere shortening.<sup>‡</sup>

For more information about the Telomere Study, see page 29.

<sup>\*</sup>Laboratory studies show that Vivix key ingredients protect and even repair DNA. In a clinical study, these key ingredients were shown to blunt the inflammatory response of healthy people to an unhealthy meal, which can lead to cellular damage over time.<sup>†</sup>

# PROVIDES COGNITIVE SUPPORT

## MINDWORKS®

Neural connections in the human brain start declining as early as age 20. By age 45, this decline occurs even more rapidly.

MindWorks' key nutrients have been shown in three clinical studies and dozens of laboratory studies to temporarily support cognitive function and memory, as well as support long-term brain health.

### Powered by an Exclusive Chardonnay Seed Extract, B Vitamins, and a Carefully Selected Guarana Extract

Our unique Chardonnay grape seed polyphenol blend is made with a patent-pending extraction process that concentrates specific polyphenols that are clinically proven to help blood circulation. The three B vitamins (folic acid, B<sub>6</sub>, and B<sub>12</sub>) in MindWorks help reduce elevated blood homocysteine levels, thereby reducing brain atrophy.\* And our carefully selected, low-caffeine guarana extract provides temporary improvement in cognitive performance and memory.

# HELPS REDUCE THE RISK OF HEART DISEASE\*

## OMEGAGUARD®

OmegaGuard provides a full spectrum of seven ultra-pure, pharmaceutical-grade omega-3 fatty acids, including EPA and DHA, naturally found in cold-water fish.

- Helps maintain/support cardiovascular health
- Helps support cognitive health and/or brain function and joint health
- Helps reduce serum triglycerides/triacylglycerols
- Has zero cholesterol
- Small, easy-to-swallow softgels

#57695 | 90 softgels 

Member Price: \$27.45 | PV: 18.44

## THE SHAKLEE DIFFERENCE™

To ensure purity and potency, the fish oil in OmegaGuard undergoes a state-of-the-art molecular distillation process that:

- Concentrates the natural, beneficial omega-3 fatty acids, including EPA and DHA
- Removes harmful compounds, such as mercury and lead, that are found in many types of fish
- Minimizes odour and fishy aftertaste

### OmegaGuard®

Daily dosage: 3 to 9 softgels

Amount per softgel

#### MEDICINAL INGREDIENTS:

Eicosapentaenoic acid (EPA)	180 mg
Docosahexaenoic acid (DHA)	120 mg
Other omega-3s (docosapentaenoic, stearidonic, eicosatetraenoic, heneicosapentaenoic and alpha-linolenic acids)	30 mg

**NON-MEDICINAL INGREDIENTS:** MIXED TOCOPHEROL CONCENTRATE IN A SOFTGEL (GELATIN, GLYCERIN, WATER).

\*Supportive but not conclusive research shows that consumption of EPA and DHA omega-3 fatty acids may reduce the risk of coronary heart disease.

# HELPS SUPPORT CARDIOVASCULAR HEALTH

## COQHEART®

Your heart – your body's hardest-working organ – requires a significant amount of energy to function properly. That energy is made available with the help of a nutrient called coenzyme Q<sub>10</sub> (CoQ<sub>10</sub>).

- CoQHeart® delivers 100 mg of CoQ<sub>10</sub> per softgel to help replenish and maintain CoQ<sub>10</sub> levels in the blood and support energy production in the heart
- Also provides potent antioxidant support for the heart

#57315 | 30 softgels <sup>gf</sup>

Member Price: \$29.35 | PV: 19.05

## THE SHAKLEE DIFFERENCE™

Only CoQHeart features Q-Trol®, a natural proprietary blend of the antioxidants CoQ<sub>10</sub> and resveratrol in a bioavailable softgel with a unique olive oil delivery system, providing potent support for optimal heart health.

The amount of CoQ<sub>10</sub> consumed from foods is typically less than 10 mg a day. To get the same 100 mg of CoQ<sub>10</sub> in CoQHeart, you'd have to eat 10 pounds of pistachios.†

†The nutrient content of a daily dosage of CoQHeart is not the same as the amount of nutrients found in the food shown. Detailed nutritional information can be found on the CoQHeart label.

## BLOOD PRESSURE

Helps support healthy blood pressure

Contains vitamins, minerals, and herbal ingredients to maintain good health and support healthy blood pressure.

#57067 | 60 tablets  

Member Price: \$50.80 | PV: 35.75

### THE SHAKLEE DIFFERENCE™

Studies have shown that the key ingredients in Blood Pressure address two important mechanisms that are known to impact blood pressure levels in the normal range. It has been designed to promote healthy blood circulation and blood vessels, and to relax blood vessels to help retain healthy blood pressure.

## CHOLESTEROL REDUCTION COMPLEX\*

Helps lowers cholesterol

Features clinically proven ingredients supported by more than 80 studies to help lower LDL (“bad”) cholesterol.

#56219 | 120 tablets   

Member Price: \$52.40 | PV: 34.50

### THE SHAKLEE DIFFERENCE™

To lower cholesterol, Health Canada and the U.S. National Institutes of Health (NIH) recommend eating less saturated fat and cholesterol, exercising, losing weight, eating more soluble fibre, and consuming 2000 mg of plant sterols and stanols daily. Cholesterol Reduction Complex is a proprietary blend that helps prevent the absorption of cholesterol in the body by delivering the highest amount of sterols and stanols among leading brands and 100% of the daily recommendations by Health Canada and the NIH.

#### ALSO AVAILABLE

## GARLIC COMPLEX

Provides the heart health benefits of garlic – without the bad breath.

#56290 | 180 tablets   

Member Price: \$34.40 | PV: 21.25

\*Products providing 800 mg of plant sterols and stanols daily, consumed with two different meals as part of a diet low in saturated fat and cholesterol, may reduce the risk of heart disease. ### WHY DO PLANT STEROLS AND STANOLS WORK?

Plant sterols and stanols are similar in structure to cholesterol and compete for absorption in the intestines. The net result is that less cholesterol is absorbed by the body, and less ends up in the bloodstream.

# Love Your Life

### VITA-D<sub>3</sub>

Promotes healthy bones and teeth

Vitamin D, which is made by the body through the skin's exposure to ultraviolet rays from the sun, plays a major role in protecting your health and is vital for overall well-being. Yet, recent studies have shown that many Canadians — starved of adequate sunlight during the fall and winter months — are deficient in the so-called sunshine vitamin. Boost your vitamin D level with Shaklee Vita-D<sub>3</sub>. Each tablet contains 1000 IU of vitamin D<sub>3</sub>, which is the most potent form of vitamin D.

- Helps in the development and maintenance of bones and teeth
- Aids in the absorption and use of calcium and phosphorus
- May reduce the risk of developing osteoporosis when combined with calcium intake, a healthy diet, and regular exercise
- Helps maintain immune function

# YOUTH<sup>®</sup>

## LOOK YOUNGER LONGER

### POWERFUL BOTANICALS. ADVANCED TECHNOLOGY.

YOUTH is revolutionary. The key to beautiful, younger-looking skin is cell renewal and hydration. Unlike ordinary skin care products, the YOUTH collection goes beyond addressing aging on the surface to target the cellular level of your skin.

Plus, YOUTH is free of parabens, phthalates, and more than 2,500 other questionable ingredients that we will NEVER use.

Our promise is that YOUTH will not only dramatically improve the health of your skin but will also 100% guarantee to shift the appearance of your skin to a younger age.

To make sure you always look as young as you feel, start now. Your future self will thank you.

**100% of women who participated in a clinical study were proven to have younger-looking skin, with improvements in just seven days. And, with continued use, 2/3 shifted their skin age into a younger decade.**

#### **A DECADE OF AGING ERASED**

Developed by world-class skin experts, the Skin Age Index uses factual clinical data to measure the effect YOUTH has on the key signs of aging including the appearance of skin texture, facial wrinkles, pore size, even skin tone, radiance, firmness, and sagging.

100% VEGAN | CRUELTY FREE | GLUTEN FREE  
PARABEN AND PHTHALATE FREE

#### **WE DO CLEAN BEAUTY BETTER THAN ANYONE**

We start by avoiding the most questionable ingredients:

- Free of parabens
- Free of phthalates
- Free of propylene glycol
- Free of sodium/ammonium lauryl sulfate
- Free of coal tar
- Free of PEG derivatives
- Free of petrolatum
- Free of hydroquinone
- Free of artificial colours
- Free of artificial fragrances

Then, we go far beyond with a list of more than 2,500 chemicals and other questionable ingredients that you'll never find in our YOUTH collection.

#### **DELIVERING CLINICAL RESULTS WITHOUT COMPROMISE.**

THE SHAKLEE DIFFERENCE™

# The Science Behind the Youth Complex

As we age, cell renewal slows and we produce less collagen and elastin. Shaklee has created the patent-pending Youth Complex to support critical cellular functions that will restore your youthful glow. It combines powerful botanicals and vitamins to deliver remarkable results.

*Lotus japonicus* activates a key youth protein to regenerate cells and to produce more collagen and elastin.

*Schisandra chinensis* fruit extract structurally helps provide more nutrients and energy to the skin.

*Muscadine grape* polyphenols protect and repair cellular DNA while blocking collagen and elastin breakdown.

Vital Repair+® Complex provides antioxidant nutrients (grape seed extract and more) and essential vitamins (A, B<sub>5</sub>, C, and E) to block skin-damaging free radicals and encourage healthy cell growth.

Apple cell and gentle encapsulated vitamin A retinol – known to accelerate cell renewal – power our Youth Activating Serum.

# FOUR SIMPLE STEPS FOR YOUNGER- LOOKING SKIN

## THE YOUTH ANTI-AGING COLLECTION

Our Anti-Aging Collection is 100% guaranteed to shift the appearance of your skin to a younger age. Use products together or combine with products from the new Advanced Hydration Regimen to create your own customized regimen. It's never too soon to start.

### Step 1

#### LUMINOUS GEL OIL CLEANSER

# INCREASES SKIN'S HYDRATION BY 212%

## YOUTH HYDRATION COLLECTION

Transform your skin with intense hydration

**100% of women who participated in a clinical study had measurably more hydrated skin immediately**

**Hydration levels were maintained for 8 hours with one application**

**92% of women studied exhibited significantly hydrated skin for up to 24 hours**

Rehydrate, revitalize, and refresh your skin with our new YOUTH Hydration Collection featuring Active Cellular Hydration Technology™. The Collection includes two superstar products that work together to help bring back your skin's glow: Moisture Activating Serum and Lock Day Cream.

## ACTIVE CELLULAR HYDRATION TECHNOLOGY

This new technology serves as a moisture magnet, attracting it to skin's outer layers and allowing it to act as a reservoir, locking in hydration. Plus, it reduces the appearance of fine lines and wrinkles. Our exclusive formula combines powerful botanicals including:

**100% plant-based squalane, an ingredient known for leaving skin hydrated, plump, and soft**

**100% plant-based lipids, known to help hold moisture in the skin**

**Cactus extract, to help hydrate**

**Youth Complex with powerful botanicals including muscadine grape extract, *Lotus japonicus*, and schisandra for anti-aging benefits**

**New unique blend of four forms of hyaluronic acid targets skin's layers and can retain up to 1,000 times its weight in water**

**MUST-HAVE PRODUCT****Step 3** ☀️ 🌙**MOISTURE  
ACTIVATING SERUM**  
with Active Cellular  
Hydration Technology™

This fast-absorbing gel instantly quenches dry skin and is clinically proven to increase hydration levels by 212% in one application and maintain skin's hydration for 8 continuous hours. Formulated with 10 times the normal concentration of our hyaluronic acid blend, it delivers intense hydration so that skin appears plumper, softer, and smoother and is measurably hydrated for up to 24 hours. Moisture Activating Serum helps restore skin's natural moisture balance and build its moisture barrier to reduce water loss and the appearance of fine lines. Use it as part of our Advanced Hydration Regimen for seriously hydrated skin.

# LASH ENVY - GUARANTEED

## LASH REVITALIZING AND CONDITIONING MASCARA

This 2-in-1 lash conditioner and mascara is specially formulated with our Botanical Complex and Lash Protection Complex, which help strengthen lashes and defend lashes and roots against environmental damage. It features an innovative two-sided brush to help create a natural, elegant look: the shorter bristles grab close to the root, boosting volume and lengthening beyond belief; the longer bristles create definition and lift even the tiniest lashes. Our smudge-free, ultra-moisturizing formula adheres immediately to lashes for longer-lasting wear.

Lash Revitalizing and Conditioning Mascara is ophthalmologist tested, safe for contact lenses wearers, and comes in a universal shade of soft black that suits all.

**SUBJECT: VITA-C 500 SUSTAINED RELEASE 500 MG VITAMIN C SUPPLEMENT AND VITA-C 100 CHEWABLE 100 MG VITAMIN C SUPPLEMENT CLINICAL STUDY: VITA-C PROVEN BIOAVAILABILITY**

This study examined blood vitamin C concentrations for 25 hours following administration of 1,000 mg of vitamin C, taken all at once; 100 mg of vitamin C consumed hourly for 10 hours; and 500 mg of vitamin C in the form of a sustained-release preparation, taken twice at a 5-hour interval. Results showed that the sustained-release preparation produced blood vitamin C levels comparable to consuming 100 mg of vitamin C on an hourly basis. The large-dose immediate-release preparation produced significantly lower blood vitamin C levels over the 25-hour period due to a faster rate of urinary vitamin C excretion.

## Weight Management

**SUBJECT: SHAKLEE® 180 WEIGHT-LOSS PROGRAM CLINICAL STUDY: 12-WEEK SAFETY AND EFFICACY PILOT STUDY**

This pilot study was designed to determine changes in weight loss, anthropometric measurements, and estimates of body composition in an uncontrolled 12-week trial with 27 moderately overweight but otherwise healthy men and women.

Subjects were instructed to consume two Shaklee® 180 beverage shakes, three Shaklee® 180 dietary supplement tablets, one Shaklee® 180 nutrition bar, and a healthy meal and/or snack daily.

Eighteen participants, 14 of which were fully compliant, completed the 12-week trial. Data from 14 participants show that subjects lost an average of 15.4 pounds and maintained their fat-free mass based on estimates from skinfold caliper measures. Together, this data suggest that weight loss was derived primarily from body fat, and that fat-free mass was preserved. Waist

and hip measurements were reduced by 4.1 and 2.6 inches, respectively, which was a significant reduction in waist-to-hip ratio, a predictor of cardiovascular disease.

In addition, favourable changes were observed in blood lipids, including a 10% drop in total cholesterol and a 34% drop in triglycerides. Additionally, no significant adverse events were noted by participants over the 12 weeks, and there were no significant changes in markers of renal and liver function or blood chemistries.

These findings appear to support recent scientific evidence, which suggests that consumption of additional leucine during a weight-loss diet spares lean tissue. This trial also provides preliminary evidence that adherence to a novel weight-loss program for 12 weeks resulted in effective weight loss and improvements in anthropometric measurements.

## Sports Nutrition

### SUBJECT: SHAKLEE PERFORMANCE™ MAXIMUM ENDURANCE SPORTS DRINK CLINICAL STUDY: SHAKLEE PERFORMANCE™: EFFECTIVE HYDRATION AND MORE ENERGY

Cyclists rode stationary bicycles at 70% VO<sub>2</sub> max for two to three hours. Shaklee Performance™, other carbohydrate electrolyte prototypes, and water were given to the athletes at the rate of one litre per hour.

Shaklee Performance™ maintained blood glucose levels significantly higher than water throughout the test period, while maintaining plasma volume equal to that of water. Shaklee Performance™ also maintained a higher plasma osmolality than water, helping balance thirst with fluid needs and supporting the osmotic drive to drink. It was also the best tolerated of all the carbohydrate-electrolyte prototypes.

### CLINICAL STUDY: SHAKLEE PERFORMANCE™: MAXIMIZING ENDURANCE

Shaklee Performance™ helped maintain athletes' blood glucose levels for muscle energy and fluid levels for proper hydration. After more than three hours of vigorous cycling in the laboratory, during which time the cyclists consumed either Shaklee Performance™ or water, the speed was turned up even higher. At this sprint pace, Shaklee Performance™ drinkers endured for 33 minutes, while the water-only group lasted just two minutes.

### SUBJECT: PHYSIQUE® WORKOUT MAXIMIZER SUPPLEMENT CLINICAL STUDY: SHAKLEE PHYSIQUE® - MAXIMIZING MUSCLE RECOVERY FOR SERIOUS ATHLETES

Shaklee Physique® was tested with nine highly trained cyclists. During each of three test periods, athletes rode for two hours with an alternating workload that reflected race-like conditions. Immediately and two hours after every ride, athletes drank one of three drinks: Physique®, with its unique carbohydrate-protein combination formula (40.5 g protein, 112.5 g carbohydrate); a protein drink reminiscent of the "muscle" drinks popular with body builders (40.5 g protein); and a carbohydrate drink similar to the "carboload" products on the market (112.5 g carbohydrate). These were consumed as 16-oz. beverages.

Results of the study confirmed that the carbohydrate-protein combination of Physique® elicited a greater insulin response in the blood than the carbohydrate or protein supplements alone. The greater insulin levels produced by the carbohydrate-protein formula of Shaklee Physique® also led to a greater increase in the rate of muscle energy stored (glycogen) in the four-hour period following exercise than either the carbohydrate or protein supplements alone.<sup>1</sup>
