1:00–5:00 P.M. – Business Success Training (includes new incentives and tools)

\$29 in advance; \$39 on site. Free for new guests.* Visit Events.Shaklee.com to register.

Carlos Blancos – Senior Master Coordinator (Rancho Santa Margarita, CA)

Carlos and his wife, Kumi, are leading one of the fastest-growing organizations in the United States. They decided to join Shaklee because, in his 20+ years in the direct sales and network marketing industry, Carlos had never seen a company better prepared for explosive growth, with a history that cannot be duplicated by any competitor. The science behind Shaklee products, along with the hundreds of millions of dollars that have been invested into clinical testing, research, and development, made the decision easy. And when Carlos was walked through the Dream Plan and FastTRACK, it was "the icing on the cake."

Barb Lagoni – Master Coordinator (Oak Park, IL)

Barbara graduated from Cornell University with a degree in food science and nutrition and worked as a test kitchen economist, authored a cookbook, and taught nutrition at the university level. But clearly her greatest achievement and love came with her involvement in Shaklee when she understood not only the power of Shaklee nutrition, but also the power of the Shaklee Business Opportunity. Barb brings her passion for Shaklee to everyone she meets. She and her architect husband, Hans, have inspired many others to live healthier, happier, more financially secure lives, thanks to Shaklee products and the Shaklee income opportunity. Truly, her greatest joy is seeing others succeed.

Craig Cushman – Sales Director Shaklee North America

Craig is responsible for overseeing sales in the eastern provinces (Ontario to Atlantic Canada) and the eastern United States. He joins Shaklee North America from Rodan + Fields, where he successfully ran the Eastern Region and National Training for two years. Craig has built teams in the field and has been in executive roles in direct selling for most of the last 10 years, including VP of New Business Development for World Financial Group. He also ran North America for a social media start-up with some Toronto-based partners and has other experience doing business in Canada. He and his wife of 31 years, Lisa, live in Atlanta, Georgia and have five kids and four grandchildren, with number five due this spring.

Dr. Bruce Daggy – Senior Vice President, Research & Development & Chief Science Officer

Dr. Daggy serves as Senior Vice President of Research & Development and Chief Science Officer for Shaklee Corporation. He's primarily responsible for the scientific support of the robust Shaklee portfolio of products including nutritional, personal care, and household products. Dr. Daggy's career spans 30 years in global roles within consumer health care. With a Ph.D. in Nutrition Biochemistry from Cornell University and a B.A. in Biology from the University of Virginia, Dr. Daggy has authored about 80 publications and abstracts and has developed 13 patents in his name.

*A new guest is a non-member or someone who has sponsored into Shaklee since February 1, 2015.
