**Tony & Debbie Underwood –
Master Coordinators (Atlanta, GA)**

Debbie was a physical therapist and Tony was in corporate management after the couple emigrated from the U.K. in 1983. First introduced to network marketing in the '90s, the parents of three young children built a business and developed it, over time, into a primary source of income. The Underwoods then searched for the right company and joined Shaklee in October 2011. The combination was a winner – they've earned several Shaklee incentive trips since then and qualified as Master Coordinators in 2013.

**Les Wong – Vice President of
Global Regulatory Affairs for
Shaklee Corporation**

As Vice President of Global Regulatory Affairs for Shaklee Corporation, Les supports the conceptualization, development, and scientific substantiation for Shaklee nutritional products that are safe and effective and provide high value to the end user. Throughout his career, including more than 30 years at Shaklee, Les has demonstrated professional and scientific expertise in the areas of food, beverage, and dietary supplement product research; development; and commercialization. He remains deeply committed to the highest standards of safety, product performance, scientific integrity, and uncompromising ethics.

**Craig Cushman – Sales Director
Shaklee North America**

Craig is responsible for overseeing sales in the eastern provinces (Ontario to Atlantic Canada) and the eastern United States. He joins Shaklee North America from Rodan + Fields, where he successfully ran the Eastern Region and National Training for two years. Craig has built teams in the field and has been in executive roles in direct selling for most of the last 10 years, including VP of New Business Development for World Financial Group. He also ran North America for a social media start-up with some Toronto-based partners and has other experience doing business in Canada. He and his wife of 31 years, Lisa, live in Atlanta, Georgia and have five kids and four grandchildren, with number five due this spring.

**Tasha Starr – Master Coordinator
(Winnipeg, MB)**

Tasha joined Shaklee in 2010 while looking for safe and effective cleaners, which she found – and then some! Today, she's 95 pounds lighter thanks to the Shaklee 180™ weight-loss program, drives a Shaklee Bonus Car, has travelled the world courtesy of Shaklee incentive trips, and earns an income that allows her to work and thrive as a stay-at-home mom, entrepreneur, and team leader.

*A new guest is a non-member or someone who has sponsored into Shaklee since February 1, 2015.
