Average Earnings

*Figures based on 2018 earnings. The typical participant in the Shaklee Canada Inc. Compensation Plan earns an average of \$250.27 per year. However, participants at the Business Leader level earn on average \$10,807 a year and can earn more than \$199,842 a year at the top levels. Earnings were calculated on a monthly basis of those Business Leaders in the achieved rank. Results will vary with effort. Shaklee Canada Inc. does not guarantee that any particular income level will be achieved. The ranks of Senior Master Coordinator and Presidential Master Coordinator have not been achieved in Canada yet, so the figures shown here are 2018 U.S. earnings.
