

Dear Shaklee,

On behalf of the athletes who competed in the recent Games in Vancouver, thank you.

The U.S. Ski Team and U.S. Snowboarding stunned the world with an amazing record-breaking performance, earning a record 21 medals—the most we've brought home in history. I am extremely proud of all of them.

I especially want to thank Shaklee for your years of nutritional support. You've been behind us since 1980, and in that time, we've worked together to put science into our nutritional program. As athletes, we need to be sure that our supplements are manufactured to the highest quality standards and that products we use are always safe, always work, and are always green and natural. Therefore, we value the peace of mind that comes from knowing that Shaklee products are proven safe, natural and effective, without compromise.

Given that, Shaklee is always our first choice. Some of the teams' favorites include immune-boosting supplements like NutriFeron<sup>®</sup> and Defend & Resist. Shaklee Vitalizer<sup>™</sup> is also terrific because it's so easy to use: You get all of your daily requirements in one little foil strip, which is really convenient and ensures compliance by our athletes. We love the natural boost that comes from the Energy Chews. In addition, Performance<sup>®</sup> and Physique<sup>®</sup> are very good for supplying energy during training sessions.

Again, thank you for giving us the nutrition we need to stay healthy and to perform our best. And thank you for the peace of mind that comes with knowing Shaklee products are safe, natural, and effective. We look forward to many more years of success with Shaklee.

Sincerely,

Troy Flanagan  
Trainer to the U.S. Ski Team and U.S Snowboarding
