

CoQHeart® Helps support cardiovascular health

As the hardest-working muscle in your body, your heart requires a significant amount of energy to function properly. That energy is made available with the help of a nutrient called coenzyme Q₁₀ (CoQ₁₀), which also provides potent antioxidant support for the heart.

CoQHeart contains a **natural proprietary blend** that helps:

- Support the production of energy in your heart
- Replenish and maintain CoQ₁₀ levels in your blood
- Protect arteries against the oxidation of low-density lipoproteins (LDL)

The amount of CoQ₁₀ consumed from foods is typically less than 10 mg a day. To get the same **100 mg of CoQ₁₀ in CoQHeart**, you'd have to eat 10 pounds of pistachios.*

10 pounds OF PISTACHIOS

THE SHAKLEE DIFFERENCE™

**The power of nature,
unleashed by science.
Safe. Proven. Guaranteed.**

At Shaklee, we're committed to innovating through science and looking to nature for the answers that can provide healthier lives. We ensure the highest quality and safety standards, conducting more than 100,000 quality tests per year to ensure our products are safe for you and your family.

CoQHeart

CoQHeart with Q-Trol® supplies a natural, proprietary blend of clinically tested coenzyme Q₁₀ plus resveratrol – two ingredients that provide potent support for heart health – plus a heart-healthy olive oil delivery system.

IS COQHEART RIGHT FOR YOU?

- ✓ If you're 18 or older and concerned about your heart health.

NOTE: not intended for use by children, or by women who are pregnant or nursing.

*The nutrient content of a daily serving of CoQHeart is not the same as the amount of nutrients found in the foods listed above. Detailed nutritional information can be found on the CoQHeart supplement facts box. Every food provides nutrients beyond those listed above.

CoQHeart®

Helps support cardiovascular health

BETTER TOGETHER

CoQHeart®
