

# Kills 99.99% of Germs\*

# Goodbye, Germs.

# Hello, Soft Hands.

## Get Clean® Moisturizing Hand Sanitizer

Germs are everywhere, but soap and water are not. Our Moisturizing Hand Sanitizer is your portable clean hand solution. It kills 99.99% of germs while being kind to your skin.\* This fragrance-free, alcohol-based gel kills germs and bacteria and sanitizes your hands without drying them out. It's formulated with plant-based moisturizers to keep your skin soft and protected. There's no rinsing or drying with towels needed, and it's safe for the whole family.

### Get germ-killing clean at your fingertips

Made with 65% ethyl alcohol, Moisturizing Hand Sanitizer is compliant with Health Canada's standards for alcohol-based hand sanitizers. It exceeds the recommendations of Health Canada and the U.S. Centers for Disease Control and Prevention (CDC) for percent alcohol content in hand sanitizer.† This product has been proven to kill 99.99% of germs and bacteria including *E. coli*, salmonella, staph, candida, and *Aspergillus niger* and can help protect your health by eliminating germs and bacteria that are commonly found in public places. Please note that this product hasn't been tested on COVID-19.

Frequent hand cleaning of any kind can lead to dry, uncomfortable skin. Moisturizing Hand Sanitizer fights dryness with squalane derived from plants. Squalane is a lightweight, non-greasy moisturizing ingredient that helps your skin feel soft.
