

# Life-Strip

Our best, most comprehensive nutritional system ever

Would you like to feel healthier? **Life-Strip** is the culmination of years of research and quality testing to guarantee it delivers pure and potent vitamins, minerals, omega-3 fatty acids, polyphenols, antioxidants, and phytonutrients to **help provide the foundation for a healthier life.**

- Backed by **The Landmark Study** and more than 10 patents
- Provides effective levels of essential vitamins and minerals
- Available with or without iron

Life-Strip contains:

- 
**VIVIX® LIQUIGELS** contain a multiple-patented, natural blend of a broad spectrum of polyphenols with key ingredients shown in laboratory studies to protect against oxidative cell damage.
- 
**OMEGAGUARD® PLUS** combines more than 1000 mg of ultra-concentrated omega-3 fatty acids (EPA, DHA, and others) – sourced from wild fish raised sustainably in pure Alaskan waters – in two small, easy-to-swallow softgels.
- 
**ADVANCED MULTIVITAMIN** provides complete nutrition to support bone, tissue, and cardiovascular health. Dissolves in less than 30 minutes in the stomach and is designed to enhance absorption of folic acid from the patented micro coating.
- 
**B+C COMPLEX** helps maintain the body's ability to metabolize nutrients and maintain immune function. It has been shown in a clinical study to provide up to 198% greater absorption of B vitamins over 12 hours.

## THE SHAKLEE DIFFERENCE™

The power of nature,  
unleashed by science.  
Safe. Proven. Guaranteed.

At Shaklee, we're committed to innovating through science and looking to nature for the answers that can provide healthier lives. We ensure the highest quality and safety standards, conducting more than 100,000 quality tests per year to ensure our products are safe for you and your family.

### Life-Strip:

- Features the patented **Shaklee Micronutrient Advanced Release Technology™** (S.M.A.R.T.™) delivery system designed to dramatically improve absorption of key nutrients in the body
- The research behind Life-Strip includes more than 120 published scientific papers and presentations from studies supported by Shaklee; studies include:
  - **The Landmark Study:**
    - Conducted in collaboration with the University of California, Berkeley
    - The first study of long-term users of multiple supplements
    - Showed that **people who used Shaklee supplements had double-digit better biomarkers** of heart, cardiovascular, and cognitive health compared with non-supplement or non-Shaklee-product, single-supplement users
  - **The Telomere Study:**
    - Based on research conducted by Elizabeth Blackburn, Ph.D., who was awarded the 2009 Nobel Prize for Medicine and is a Shaklee Scientific Board Advisor
    - **Users of Shaklee supplements for at least five years had a 40% lower rate of telomere shortening** across the adult age range compared with an age-matched healthy control group
    - Telomeres are the protective caps of repetitive DNA at the end of chromosomes; over time, our telomeres gradually become shorter, and telomere length is thought to be a marker of overall health
