

## OmegaGuard®

Helps reduce the risk of heart disease\*

The combination of heart disease and stroke is Canada's number two cause of death, and there are numerous factors that can increase your risk.

OmegaGuard provides a **full spectrum** of seven **ultra-pure, pharmaceutical-grade omega-3 fatty acids, including EPA and DHA**, naturally found in small, cold-water fish.

- 300 mg of fish oil per softgel
- Helps maintain and support cardiovascular health
- Helps support cognitive health and/or brain function and joint health
- Helps reduce serum triglycerides/triacylglycerols
- Has zero cholesterol
- Small size for easier swallowing

### IS OMEGAGUARD RIGHT FOR YOU?

- ✓ If you're concerned about reducing your risk of heart disease\*
- ✓ If your diet doesn't include at least two servings of omega-3-rich fish each week

*NOTE: if taking blood-thinning medications, consult your physician prior to use. Discontinue use two weeks before surgery.*

### THE SHAKLEE DIFFERENCE™

**The power of nature,  
unleashed by science.  
Safe. Proven. Guaranteed.**

At Shaklee, we're committed to innovating through science and looking to nature for the answers that can provide healthier lives. We ensure the highest quality and safety standards, conducting more than 100,000 quality tests per year to ensure our products are safe for you and your family.

### OmegaGuard®

To ensure purity and potency, the fish oil in OmegaGuard undergoes a proprietary, state-of-the-art, multistep molecular distillation process that:

- Concentrates natural, beneficial omega-3 fatty acids including EPA and DHA
- Removes lead, mercury, arsenic, cadmium, dioxins, PCBs, and other contaminants
- Reduces oxidation and formation of trans fats
- Minimizes odour and fishy aftertaste

\*Supportive but not conclusive research shows that consumption of EPA and DHA fatty acids may reduce the risk of coronary heart disease.
