1

RESTORING EYE TREATMENT

You won't believe your eyes

TWO WAYS TO APPLY RESTORING EYE TREATMENT

WITH COOL-TIP APPLICATOR

Squeeze a small pearl-sized drop of product onto the applicator tip and smooth over the eye area to be treated. Massage the product in with the cool metal tip applicator.

WITH FINGER AND APPLICATOR

Squeeze a small pearl-sized drop of product onto the applicator tip. Use your ring finger to dot product onto the eye area to be treated, then use the cool metal tip applicator to smooth and massage in the product.

WHEN TO APPLY: after Perfecting Skin Toner and prior to other treatment products.

WHERE TO APPLY: under the eye along the orbital bone to the outer corner of the eye area, treating expression lines and crow's feet, and the upper eyelid and the brow bone area.

2

RADIANCE C+E HYDRATING SERUM

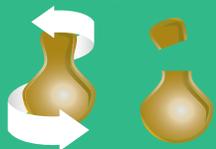

Use as an enhancement to the Advanced Anti-Aging Regimen.

Use once a day, morning or evening, after using Perfecting Skin Toner.

Gently twist off the tab, squeeze product onto your fingers, and smooth over a clean face. Follow with the day or night moisturizer.

For those who have sensitive skin and are using Youth Activating Serum, consider alternating the days you use the serum and Radiance C+E.

Twist & Squeeze

3

YOUTH ACTIVATING BB CREAM SPF 30

Available in 4 blendable shades designed to provide coverage for all skin tones. Use as a last step in your daytime skin care regimen.

Apply product to your fingertip and place small dabs on your face in numerous places. Gently spread and smooth together for a flawless appearance. Apply once for a natural look, or layer for more complete coverage.

Tip: for smoother application and blending, consider the YOUTH Applicator Brush (#52270) and/or YOUTH Cosmetic Wedge Sponges (#52264).
