

4 SIMPLE REGIMEN STEPS + ADD-ON

YOUTH®

Advanced Anti-Aging Regimen

Look younger longer

1 LUMINOUS GEL OIL CLEANSER

Get hands wet. Squeeze a pea-sized drop of cleanser onto hands and rub to create a lather. Apply all over face, then rinse thoroughly. This is a gentle formula that helps clean, moisturize, and remove makeup, so there will not be as many bubbles as a foaming cleanser.

2 PERFECTING SKIN TONER

Saturate a gauze or cotton pad/ball with toner and gently sweep over face to prepare skin to absorb the serum and moisturizer.

3 YOUTH ACTIVATING SERUM

Dispense 1 to 1½ pumps onto fingertips and smooth gently over entire face. If flaking occurs, decrease the frequency of use until your skin becomes accustomed to this product.

4 DAY MINERAL DEFENCE MOISTURIZER SPF 30

Apply moisturizer onto fingertips, dot face all over, and smooth into skin.

4 NIGHT ADVANCED RENEWAL NIGHT CREAM RICH AND LIGHT

Apply to face and neck each evening after serum has fully absorbed.

ADDITIONAL YOUTH TREATMENT PRODUCTS

RADIANCE C+E HYDRATING SERUM

For enhanced results, allow skin to adjust to the YOUTH regimen. Once adjusted, use daily after toner. Twist off top of one capsule, squeeze C+E onto fingertips, and apply to face.

RESTORING EYE TREATMENT

An essential add-on to the YOUTH regimen! Use after toner and prior to other treatment products. Apply on upper eyelid and browbone area, and under eye along orbital bone to outer corner of eye area. Use cooling metal tip applicator to massage in.
