

4 SIMPLE REGIMEN STEPS

YOUTH®

YOUTH® Hydration Regimen

Look younger longer

1 LUMINOUS GEL OIL CLEANSER

Get hands wet. Squeeze a pea-sized drop of cleanser onto hands and rub to create a lather. Apply all over face and rinse thoroughly. This is a gentle formula that helps clean, moisturize, and remove makeup, so there will not be as many bubbles as a foaming cleanser.

2 PERFECTING SKIN TONER

Saturate a gauze or cotton pad/ball with toner and gently sweep over face to prepare skin to absorb the YOUTH serum and moisturizer.

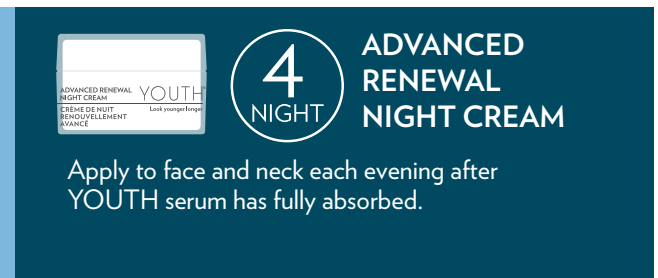

3 MOISTURE ACTIVATING SERUM

Dispense one pump onto fingertips and smooth gently over entire face. (Note: if using with Youth Activating Serum, apply Moisture Activating Serum first.)

4 DAY MOISTURE LOCK DAY CREAM

Apply moisturizer onto fingertips and dot face, neck, and upper chest all over, then smooth into skin. (Note: if you're going to be outdoors, be sure to follow with a sunscreen.)

4 NIGHT ADVANCED RENEWAL NIGHT CREAM

Apply to face and neck each evening after YOUTH serum has fully absorbed.

ADDITIONAL YOUTH TREATMENT PRODUCTS

RADIANCE C+E HYDRATING SERUM

For enhanced results, allow skin to adjust to the YOUTH regimen. Once adjusted, use once daily after toner. Twist off top of capsule, squeeze C+E onto fingertips, and apply to face.

RESTORING EYE TREATMENT

Apply after Perfecting Skin Toner and prior to other YOUTH treatment products. Apply product on upper eyelid and browbone area and under eye along the orbital bone to outer corner of eye area. Use cooling metal tip applicator to massage product in.
