

Fresh Laundry

GET CLEAN™

Directions for best results

top loading washers 1 oz. – medium loads 2 oz. – large loads
front loading washers 1 oz. – medium and large loads

Sort wash loads by color, fabric, and amount of soil. Wash noncolorfast items separately.

Pretreat stubborn stains Spot test for colorfastness before treating garment. Wet problem area with undiluted Fresh Laundry Concentrate Liquid. Rub into fabric. For maximum cleaning, wait several hours before washing. For getting rid of specific stains, see guide on side panel.

Select the proper water temperature for the fabric being washed:

- Cool** Delicate and synthetic fabric and noncolorfast items
- Warm** Lightly soiled clothes, cottons, linens, and permanent press
- Hot** Heavily soiled colorfast articles, white cottons, and linens

Add Fresh Laundry Concentrate Powder to water. Because Fresh Laundry Concentrate Powder is a powerful, concentrated formula, it should be dissolved prior to contact with fabrics.

Add clothes to washer. Never overload. Mix large and small items for a balanced load. Select proper water level. Check garment labels for directions on proper care; flame-retardant fabrics may require special washing procedures.

Use Fresh Laundry with these Get Clean products

- Nature Bright® Laundry Booster and Stain Remover
- Soft Fabric Concentrate or Dryer Sheets

JUST TO BE SAFE

CAUTION: CONCENTRATE CAUSES EYE IRRITATION. AVOID EYE CONTACT. **HARMFUL IF SWALLOWED.** DO NOT TASTE OR SWALLOW. Stain removal guide

Always spot test first for colorfastness.

oily stains (butter, vegetable oil, machine grease) Pretreat with undiluted Fresh Laundry Concentrate Liquid. Wash as usual with Fresh Laundry Concentrate Powder and Nature Bright® Laundry Booster and Stain Remover in warm water.

grass stains Pretreat with undiluted Fresh Laundry Concentrate Liquid. For an added boost, use Nature Bright to presoak: 1/2 tsp. in 3 cups hot water (first check if material passes washability test). Then wash in Fresh Laundry Concentrate Powder and Nature Bright as usual.

tea, coffee stains First, rinse in cold water. Spot treat with dissolved Nature Bright, then presoak until the stain is gone. Wash with Fresh Laundry Concentrate Powder and Nature Bright in the hottest water safe for the fabric.

protein stains (blood, egg, milk, chocolate) Pretreat with undiluted Fresh Laundry Concentrate Liquid. For an added boost, flush with cold water, dissolve 1/2 tsp. of Nature Bright Stain Remover and 1 tbsp. of Fresh Laundry Concentrate Liquid in 3 cups hot water. Add to 1 gallon cold water and soak clothes at least 1/2 hour. Rinse in cold water.

Wash in Fresh Laundry Concentrate Powder and Nature Bright as usual.
