

GET CLEAN®
Soft Fabric
 Fragrance Free Dryer Sheets

Nothing's more inherently good than soft, fresh bed sheets. Except maybe these innovative dryer sheets. They're veggie based. They're biodegradable. And they provide fair and just distribution of soft, static-free goodness to every last humble pillowcase.

Directions for best results

At the beginning of the drying cycle, separate sheet along perforated lines and place both halves in the dryer to increase effectiveness and to reduce chances of blocking dryer vents. For large loads, use two sheets. Use a low heat setting for synthetics. Remove and toss dryer sheets into your recycling bin. If a dryer sheet leaves a spot, brush the fabric with soap and water and rewash.

Use Soft Fabric with these Get Clean products

- Fresh Laundry Concentrate Liquid or Powder
- Nature Bright® Laundry Booster and Stain Remover

JUST TO BE SAFE

DON'T OVERLOAD THE DRYER OR USE SOFT FABRIC DRYER SHEETS ON CHILDREN'S FLAME-RESISTANT CLOTHING OR SLEEPWEAR, AS IT MAY REDUCE FLAME RESISTANCE. KEEP OUT OF REACH OF CHILDREN.
