FAQ Product Use

Who should take this product? Any adult who would like occasional support for sleep.

How does it work? Dream Serene is scientifically formulated with ingredients to help you fall asleep faster and stay asleep.*

How should I take this product? Take one softgel with water 30 minutes before bedtime.

Can I take more than one softgel? No. Appropriate use is 1 softgel.

Can I take this product every night? Dream Serene is designed for use in occasional or intermittent sleeplessness. For more persistent or severe sleep disturbance you should consult your physician.

Will I feel sleepy in the morning? You should not feel sleepy in the morning. If you do, try taking the softgel one hour before bedtime.

Can children take this product? Dream Serene is designed for adults. Discuss usage by anyone under age 18 with their physician.

Ingredients

What is melatonin? Melatonin is a hormone produced in the body that regulates sleep-wake cycles. Many factors can interfere with your normal sleep cycle including shift work, jet lag and stress. Taking melatonin has been clinically proven to help you fall asleep faster.^{1,2,3} Dream Serene contains synthetic melatonin to ensure purity and potency.

What is valerian? Valerian is a plant that has traditionally used for relaxation and supporting sleep.⁹ Valerian root supplementation may reduce the time necessary to fall asleep and improve sleep quality in individuals with sleep problems.¹⁰ Valerian root extract+ lemon balm extract blend has been clinically tested to improve sleep quality.⁵

What is lemon balm? Lemon Balm extract is used in teas and traditional medicine to relieve headaches and treat sleeplessness due to emotional causes. It is clinically shown to affect sleep and mood.^{5,7,8}

How do valerian and lemon balm work together?

The synergistic blend of valerian & lemon balm promotes more restful sleep.⁵

What is L-theanine?

L-theanine is an amino acid found in tea leaves that may help with the stress response..⁶
