FAQ

Is Triple Defense Boost a daily use product?

Triple Defense Boost can be taken daily or on an as-needed basis.

Can Triple Defense Boost be taken with other Shaklee immune-support products?

Yes. However, due to the high amount of vitamin C and vitamin D in Triple Defense Boost, it is not recommended to take additional products that would result in your daily intake total of these two nutrients exceeding the safe upper limit. The safe upper limit for vitamin C is 2,000 mg, and the safe upper intake level for vitamin D is 4,000 IU.

Can I take Triple Defense Boost with my medications? How about medical conditions?

If you are taking medications, consult your physician before using Triple Defense Boost. If you have any medical conditions, please discuss with your medical doctor prior to use.

Can I take Triple Defense Boost while pregnant or nursing?

Triple Defense Boost is not intended for use by pregnant or lactating women. Consult your physician if you are pregnant or breastfeeding.

Can I give Triple Defense Boost to my kids?

Triple Defense Boost is not intended for use by children. Consult your child's physician for children under the age of 18.

Is Triple Defense Boost caffeine free?

Yes. Triple Defense Boost is caffeine free.
